CONCILIO

Vini trentini dal 1860

Pinot Grigio
Contessa Giovanna Manci DOC

Concilio was founded in 1860 in Mori, a small village in Vallagarina in Trentino, close to Lake Garda. Its vineyards are situated in the hilly regions around the city of Trento and in Vallagarina. It recently moved to a new high tech winery in Volano, a small town in Vallagarina south of Trento.

Production Area: Grown in a prestigious area on the hilly slopes (350 metres above sea level) above the city of Trento in the north of Italy, this wine is Concilio's flagship Pinot Grigio. The south east facing exposition and the gravely and clayey nature of the soil create the ideal microclimate to obtain a great white wine.

Grape Variety: 100% Pinot Grigio

Vinification and Ageing: During the summer the number of bunches deemed in excess are thinned out to reduce the quantity produced in favor of quality. Once the optimum degree of ripeness is attained, the grapes are hand-picked and carefully selected, de-stemmed and immediately pressed using modern pneumatic presses. The juice is chilled and allowed to clear by natural sedimentation overnight, after which it is racked and fermented using selected yeasts in stainless steel tanks at 16° C for around 10-12 days. The new wine is then racked and matured on the fine lees for several months until it is prepared for bottling, usually in the spring.

Tasting Notes: Straw yellow in color, fruity and elegant on the nose with hints or pear, acacia blossoms and minerals. On the palate it is dry, fresh, and elegant in body with a pleasantly creamy aftertaste. This wine is intentionally made in an elegant rather than powerful style. It is best drunk while youthful and fresh, however it will also benefit from a year or two in the bottle.

Serving suggestions: A classic wine for fish, but it can also accompany delicate meat dishes and elegant first courses.
